

The Oasis oval pool system is available with the Yardmore Buttress free Oval system. This streamlined system was designed to use less space in your backyard. A structurally simplified design with the superior strength and durability of our traditional construction that is both efficient and attractive.

## WATER SAFETY

Your above ground pool has been designed to provide you with years of safe family fun. This entails that water safety must always be taken into account. When used incorrectly, your above ground swimming pool can be dangerous; above ground pools are shallow, and this makes diving and jumping unsafe. To ensure your above ground pool is used safely you must observe the safety precautions that are provided to you when you purchase an above ground pool and conform to all local regulations.

# OASIS SEMI-INGROUND

## ESP Advantages

### Enhanced Structural Polymer Components

- **More uprights on every pool**, resulting in a stronger top ledge that offers maximum stability
- **Oversized Corrosion-Free Foundation System**, providing a long lasting foundation that continuously stands up to heavy weight and corrosive soil conditions.
- **Exact-fit Components**, no universal components that leave extra holes open, all parts are made specifically for one size pool. Resulting in pool components that lock out corrosion.
- **Optional Wall Saver Panel**, designed to withstand stress at the point where water enters and exits the pool for filtration.
- **Stainless Steel Fasteners**, High grade stainless steel nuts, bolts and fasteners, eliminating the worry of rust spots on your pool.
- **Interlocking Stabilizer Rails**, fits tightly over your liner and the top of pool wall, locking the liner in place to increase the life.

### POOL SIZES

12' x 17'	15' x 30'
12' x 24'	18' x 33'
15' x 26'	

15'	18'
