SAFETY

Your above ground pool has been designed to provide years of safe, family fun. This means that water safety must always be practiced. When used incorrectly, your above ground pool can be dangerous. It is shallow, which makes diving and jumping into the pool unsafe and could lead to severe injury or death. To ensure your above ground pool is used safely, please observe all safety precautions that were provided when you purchased your pool. You must conform to all local regulations.

SHALLOW WATER: DO NOT JUMP / NO DIVING

AQUA LEADER

What makes us a leader is what sets us apart.

What makes AQUA LEADER pools stand out is the way we combine unique design quality with practicality, using innovative styling to create smooth round or oval aboveground pools with absolutely no angular joints. We also owe our success to distinctive world-class components that make all the difference, including textured walls, ultra-strong uprights and top rails, solid joints and continuous-curve top seats. At AQUA LEADER, we know how important it is to strike the perfect balance between function and aesthetics... and we have leading pool designs in every market niche to prove it. But that is what you would expect from a company that has been totally committed to research and development in pursuit of the perfect pool since 1975.

Make your backyard your favorite vacation spot! Up your summertime game with the *Paradise* above ground pool by Aqua Leader. The *Paradise* boasts a sleek design and refined color scheme that will complement any yard.

What makes the *Paradise* so popular? High design and ease of ownership. From our corrosion-resistant resin stabilizers to our designer wall pattern, we paid attention to even the smallest details to ensure that you absolutely love your yard and your new pool.
